<Enter school mission>

Course Description:

This course is intended to provide you with the knowledge to make economical decisions and take preventative measures to enhance the overall satisfaction of being an automotive consumer. The class discussions and lab activities provide the fundamental knowledge and experience in owning and maintaining an automobile.

Course Goal:

This course is designed to provide you with the necessary environment and interactions to advance your knowledge and understanding in owning, maintaining, and repairing the automobile.

Intended Competencies/Skills:

Please see the Excel spreadsheet titled *Auto Upkeep Competency Profile*.

Content Delivery Method:

This course includes in-class activities and lab/shop activities. In-class activities include lectures, discussions, student presentations, and research. Lab/shop activities include completing designated procedures that involve inspection, replacement, and identification of automotive components. During lab/shop activities you will apply knowledge obtained from in-class discussions and readings to further advance your understanding of the automobile.

Course Evaluation:

You will be evaluated on the achievement of the tasks/skills as listed on the competency profile, study questions, lab activity participation, daily reflection logs, and exams.

<i>Grade Distribution/Weight</i>
20% Competency Profile
20% Study Questions
20% Lab Activities
20% Daily Reflection Logs

Safety:

It is essential that each student follows all safety guidelines, rules, and procedures as discussed in class and demonstrated in the lab/shop. Safety glasses are required for all hands-on lab activities.

Assignments Explained:

In the Course Schedule you will see the following under Assignment/Lab/Log/Test column.

Complete Daily Reflection Log – The Daily Reflection Log is located on page 171 Appendix D of the *Auto Upkeep Workbook*. You can also create a written log using a computer word processing program. At the end of each day, write a short 3 to 5 sentence reflection on what you learned.

View a Video - Links to videos that support each chapter can be accessed at www.Video.AutoUpkeep.com. Choose one video to view.

Complete Video Review – After viewing a video from the chapter, complete the Article, Website, or Video Review form located on page 172 Appendix E of the Auto Upkeep Workbook. You can also create a similar form using a computer word processing program.

Explore a Web Link – Explore a web link listed in the assigned reading.

Complete Website Review – After exploring the web links listed in the chapter, complete the Article, Website, or Video Review form located on page 172 Appendix E of the Auto Upkeep Workbook. You can also create a similar form using a computer word processing program. If you don't have a good Internet connection, reading an article from an automotive magazine is also acceptable.

Research Apps – Apps that support each chapter can be accessed at www.AutoUpkeep.com/apps.

Answer Study Questions - Study Questions for each chapter are located in the *Auto Upkeep Workbook*.

Complete Activity – Activities for each chapter are located in the *Auto Upkeep Workbook*.

Complete Career Exploration - The Career Exploration form is located on page 173 Appendix F of the Auto Upkeep Workbook. You can also create a similar form using a computer word processing program.

Take Test/Exam – Chapter Tests and Exams are located on the Instructor USB.
